1	Cl. 14 to Bid Data Sheet (Page 5 of 7) Price Variation NOT APPLICABLE	<p>Due to current global situation raw material prices (both metals and compounds) are fluctuating significantly, and supply positions are also being adversely affected. As this is a large-value tender with substantial raw material involvement, maintaining FIRM PRICE for a prolonged period of 12 months (03 (three) months validity + 9 (nine) months delivery period) poses a substantial commercial risk.</p> <p>Therefore, we request you to please consider Variable prices as per IEEMA, enabling us to participate with competitive offer.</p>	Bidder to follow provisions of bidding document.
2	Cl. 18 to Bid Data Sheet (Page 6 of 7) Repeat order - APPLICABLE	<p>In view of significant volatility of raw material cost, it is financially not viable to accept repeat order clause (for six months from the date of PO), on FIRM PRICE basis.</p> <p>We therefore request you to either withdraw this clause OR accept the price variation clause as requested above.</p>	Bidder to follow provisions of bidding document.
