

## RFQ NO: SS/C050-1P39A-WB-MR-3021/41 , Item: Butterfly Valve

## PREBID QUERY RESPONSE LOT 1

Sr No.	Reference Document	Page No.	Description Of Clause	Query	Reply
1	563FA	356, 357	VALVE SHALL BE SUPPLIED AS PER API 609, CATEGORY-B.	<p>1. As per requested API 609 Category B spec, can we offer the valve in Double Offset Configuration, since the mentioned category is applicable for Eccentric Butterfly Valves?</p> <p>2. For specified 40" #300 Butterfly Valve, a Double Offset design would be more effective &amp; technically suitable solution compared to the mentioned Concentric Disc Construction. Customer to confirm if a Double Offset Configuration is acceptable against stated requirement.</p>	Technically bidder's offer is acceptable, provided all other requirements of MR are fulfilled as minimum.
