QUALIFYING REQUIREMENT:-

The e-bidder should have adequate tools & plants. Financial & technical resources and infrastructure backed with qualified agencies to execute the work within the specified time frame. The bidder should have **“A” class electrical contractor’s license issued by Govt. of M.P.**, EPF code number, GST number in the name of firm/ proprietor from complete authority and adequate experience of painting work at EHV sub-station which may include one or more of following:

The e-bidder should have successful experience of 50% value of similar work completed including piecemeal works in the past at the same or higher or just below voltage level for the proposed erection work in any EHV Substation.

Or

The e-bidder may be a degree/Diploma Engineer having 5 years of successful experience of similar works executed under him while in service in Govt./Quasi Govt. P.S.U. organization.

Or

E-Bidder having no past experience in their own name may also participate subject to the condition that they will engage an engineer having educational qualification of Degree in Engineering in Electrical Engineering branch with at least 2 years’ experience or Diploma in Engineering in the Electrical Engineering branch with 5 years’

experience in the respective field of MPSEB/MPPTCL or Govt. /Public Undertaking/Reputed Ltd. Company.

The company reserves the right to ignore such offers having inadequate financial capacity or large unexecuted past contracts or where unjustified and substantial delay has already occurred in the execution of past contracts. While deciding award of contract against any tender apart from the prices quoted and compliance to terms and conditions of the e-bid specifications, MPPTCL will also take into account such factors as performance against earlier contracts in terms of quality of works done and adherence to prescribed time schedules. Offers of such contractors who have a poor track record of performance in earlier contracts are liable to be rejected.
