FORM B-1

PERCENTAGE RATE TENDER AND CONTRACT FOR WORKS

DEPARTMENT : **RURAL DEVELOPMENT DEPARTMENT**
ORGANIZATION : **ZILLA PARISHAD, NASHIK**
DIVISION : **District Water Conservation Officer, Zilla Parishad (MI) Division** -----

 General Rules and Directions for the Guidance of Contractors.

1. All works proposed to be executed by contract shall be notified in a form of invitation to tender pasted on a board hung up in the office of the Executive Engineer, and signed by the District Water Conservation Officer, Zilla Parishad (MI) Division, Nashik. This form will state the work to be carried out as well as the date for submitting and opening tenders and the time allowed for carrying out the work, also the amount of the earnest money to be deposited with the tender and the amount of security deposit to be deposited by the successful tenderer, and the percentage, if any, to be deducted from bills. It will also state whether a refund of a quarry fees, royalties, dues and ground rents will be granted. Copies of the specifications, designs and drawings, estimated rates, scheduled rates and any other documents required in connection with the work shall be signed by the Executive Engineer for the purpose of identification and shall also be open for inspection by contractors at the office of the Executive Engineer during office hours. Detailed Tender notice inclusive of all above details shall also be published online on website <http://mahatenders.gov.in>.

Where the works are proposed to be executed according to the specifications recommended by a contractor and approved by a competent authority on behalf of the Governor of Maharashtra such specifications with designs and drawings shall form part of the accepted tender.

2. In the event of the tender being submitted by a firm, it must be signed by each partner thereof, and in the event of the absence of any partner, it shall be signed his behalf by a person holding a power of attorney authorizing him to do so.
 - 2.(a) I) The contractor shall be pay along with the tender the sum of **Rs** as and by way of earnest money. The contractor may pay the said amount by uploading along with the tender scanned copy of Demand Draft of any

Contractor**No. of Corrections****Executive Engineer**

Nationalised bank for the like amount in favour of the **District Water Conservation Officer, Zilla Parishad (MI) Division Nashik.** The said amount of earnest money shall not carry any interest whatsoever (Amended wide G. R. and C. Department's corrigendum No. CAT1073/16967-D-3 dated 14/5/1976)

- ii) In the event of his tender being accepted, subject to the provisions of sub clause (iii) below, the said amount of earnest money shall be appropriated towards the amount of security deposit payable by him under conditions of General Conditions of Contract.
 - iii) If, after submitting the tender, the contractor withdraws his offer, or modifies the same or if after the acceptance of his tender the contractor fails or neglects to furnish the balance of security deposit without prejudice to any other right and power of the Government here under, or in law Government shall be entitled to forfeit the full amount of the earnest money deposited by him.
 - iv) In the event of his tender not being accepted, the amount of earnest money deposited by the contractor shall, unless it is prior thereto forfeited under the provision of sub-clause (iii) above, refunded to him on his passing receipt therefore, (Amended wide G.R. and C. Department's No. CAT 1272/44277-C dated 3/3/1973)
3. Receipts for payments made on account of any work, when executed by a firm, should also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipt shall be signed in the name of firm by one of the partners or by some other person having authority to give official receipts for the firm.
 4. Any person who submits a tender shall fill up in the BoQ file in the cell provided for the purpose stating at what percentage Excess or Less the rates specified in Schedule "B" (memorandum showing items of work to be carried out) he is willing to undertake the work. Only one rate\ or such percentage on all the estimated rates / Scheduled rates shall be named. Tenders who propose any alteration in the works specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other condition, of any sort will be liable to rejection. No tender shall include a tender for more than one works but if contractor who wish to tender two or more works, they shall submit separate tender for each. Tender shall have the name and number of the work to which they refer.

5. The Additional Chief Executive Officer and Executive Engineer or his duly authorised Assistant shall open tenders online and he will enter the amounts of the several tenders in a comparative statement in a suitable form. In the event of a tender being accepted, the contractor shall for the purpose of identification, sign copies of the specifications and other documents mentioned in Rule 1. In the event of tender being rejected, the competent officer shall authorise the Treasury Officers Nationalised Bank concerned to refund the amount of earnest money deposited to the contractor making the tender, on his giving a receipt for the return of the money.
6. The officer competent to dispose off the tenders shall have the right of rejecting all or any of the tenders.
7. No receipt for any payment alleged to have been made by contractor in regard to any matter relating to his tender or the contract shall be valid and binding on Government, unless it is signed by the Executive Engineer.
8. The memorandum of work to be tendered for and the schedule of material to be supplied by the Department and their rates shall be filled in and completed by the office of the Executive Engineer, before the tender form is issued. If a form issued to an intending tenderer has not been so filled in and completed, he shall request the said office to have this done before he completes and delivers his tender.
9. All works shall be measured net by standard measure and according to the rules and customs of the Public Works Department and their rates shall be without reference to any local custom.
10. Under no circumstance shall any contractor be entitled to claim enhanced rates for items in this contract.
11. Every registered contractor should produce along with his tender certificate of registration as approved contractor in the appropriate class and renewal of such registration with date of expiry.
12. All corrections and additions or pasted slips should be initialled.
13. The measurements of work will be taken according to the usual methods in use in the Public Works Department and no proposals to adopt alternative methods will be accepted. The Executive Engineer's, decision as to what is "the usual method in use in the Department" will be final.
14. A tendering contractor shall furnish a declaration along with the tender showing all works for which he had already entered into contract, and the value of work that remains

Contractor**No. of Corrections****Executive Engineer**

Executive Engineer specified in the under written memorandum within the time specified in such memorandum at

_____ Percent
 Below/above the estimated rates entered in Schedule 'B' (memorandum showing items of work to be carried out) and in accordance in all respects with the specifications, designs, drawings and instructions in writing referred to in Rule 1 hereof and in clause 12 of the annexed conditions of the contract and agree that when materials for the work are provided by the Government, such materials and the rate to be paid for them shall be as provided in Schedule 'A' hereto.

Executive Engineer

of any such deduction or sale as aforesaid, the contractor shall, within ten days thereafter, make good in cash or Government securities endorsed and aforesaid any sum or sums which may have been deducted from or raised by sale of his security deposit or any part thereof. The security deposit referred to, when paid in cash may, at the cost of the depositor, be converted into interest bearing securities provided that the depositor has expressly desired this in writing.

Security Deposit

The security deposit will not be accepted in forms of Insurance company bonds as per Government orders contained in No. CCM / PWD / CAT / CAT / 4250, dt. 27/2/1956.

PWD Resolution No.
CAT / 1087 / CR-94
/ Bldg. 2, Dtd.
21/6/2004

If the amount of the security deposit to be paid in a lump sum within the period specified at (A) above is not paid, the tender / contract already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts. The amount of the security deposit lodged by a contractor shall be refunded along with the payment of the final bill, if the date upto which the contractor has agreed to maintain the work in good order is over. If such date is not over, only 0% amount of security deposit shall be refunded along with the payment of the final bill. In the event of the contractor failing or neglecting to complete rectification work within the period unto which the contractor has agreed to maintain the work in good order, then, subject to provisions of clauses 17 and 20 hereof the amount of Security Deposit retained by Government shall be adjusted towards the excess cost incurred by the department on rectification work.

*** Note : This will be the same percentage as that in the tender at (e)**

Executive Engineer

Compensation for
Delay

Clause 2 : - The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to the essence of the contract on the part of the Contractor) and the contractor shall pay as compensation an amount equal to one percent or such smaller amount as the Additional CEO (whose decision in writing shall be final) may decide of the said estimated cost of the whole work for everyday that the work remains uncompleted or unfinished after the proper dates And further to ensure good progress during execution of the work, the Contractor shall be found, in all cases in which the time allowed for any work exceeds one month to complete.

The programme for completion of work is attached in form of bar chart on page No._____. The contractor is supposed to carryout the work and keep the progress as per bar chart on page No._____. The contractor should complete the work as per phase period given below, which is arrived from the bar chart.

25 % of the work in_____** $\frac{1}{4}$ of the time.

50 % of the work in_____** $\frac{1}{2}$ of the time.

75 % of the work in_____** $\frac{3}{4}$ of the time.

Full work to be completed in ____ calendar months (including monsoon)

Contractor

No. of Corrections

Executive Engineer

**** NOTE:** - The quantity of the work to be done within a particular time to be specified shall be fixed and inserted in the blank space kept for the purpose by the Officer competent to accept the contracts after taking into consideration the circumstances of each case and abide by the programme of detailed process laid down by the Executive Engineer.

The following proportion will usually be found suitable in $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$ of the time Reasonable progress of earth work $\frac{1}{6}$, $\frac{1}{2}$, $\frac{3}{4}$ of the total value of the work to be done. Reasonable progress of masonry $\frac{1}{10}$, $\frac{4}{10}$, $\frac{8}{10}$ of the total value of the work to be done.

In the event of the Contractor failing to comply with these conditions he shall be liable to pay as compensation an amount equal to one percent or such smaller amount as the **Addi. Chief Executive Officer** (whose decision in writing shall be final) may decide of the said estimated cost of the whole work for every day that the due quantity of work remains incomplete provided always that the total amount of compensation to be paid under the provisions of this clause shall not exceed 10 percent of the estimated cost of the work as shown in the tender. **Additional Chief Executive Officer**, Z.P., Nashik should be the final authority in this respect, irrespective of the fact that tender is accepted by Chief Executive Officer / Additional Executive Officer/Executive Engineer or Assistant Engineer / Deputy Engineer.

Contractor**No. of Corrections****Executive Engineer**

Action when whole of security deposit is forfeited.

Clause 3 :- In any case in which under any clause of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of this security deposit whether paid in one sum or deducted by instalment or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause the Executive Engineer, on behalf of the Governor of the Maharashtra, shall have power to adopt any of the following courses, as he may deem suited to the interest of the Government.

a) To rescind the contract (for which rescission notice in writing to the contractor under the head of Executive Engineer shall be conclusive evidence) and in that case the security deposit of the contractor shall stand forfeited and be absolutely at the disposal of Government.

b) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work-charged establishment employed for getting the unexecuted part of the work completed and crediting him with the value of the work done departmentally in all respects in the same rates as if had been carried out by the Contractor under the terms of his contract. The certificate of the Executive Engineer as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.

c) To order that the work of the contractor be measured unto and take such part thereof as shall be unexecuted out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work-charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the contractor under the terms of this contract. The certificate incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under clause (a) above the contractor shall not be entitled to recover or be paid, any sum for any work therefore actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of the such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the courses referred to in clause (b) or (c) being adopted and the cost of the work executed departmentally or through a new contractor and other allied expenses exceeding the value of such work credited to the contractors the amount of excess shall be deducted from any money due to the contractor, by Government under the contract otherwise howsoever or from his security deposit or the sale proceeds thereof provided, however, that contractor shall have no claim against Government even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses provided always that whichever of the three courses mentioned in clause (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchases or procured any materials, or with a view to the execution of work or the performance of the contract.

Action when the progress of any particular portion of the work is unsatisfactory

Clause 4 :- If the progress of any particular portion of the work unsatisfactory, the Executive Engineer, shall notwithstanding, that the general progress of the work is in accordance with the conditions mentioned in clause 2, be entitled to take action and of clause 3(b) after giving the contractor 10 days notice in writing. The contractor will have no claim for compensation, for any loss sustained by him owing to such action.

Contractor remains liable to pay compensation if action not taken under clauses 3 & 4

Clause 5 :- In any case in which any of the powers conferred upon the Executive Engineer by clause 3 and 4 hereof shall have become exercisable and the same shall not have been exercised, the non exercise thereof shall not constitute a waving of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any future case of default by the contractor for which under any clause hereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Executive Engineer taking action under sub-clause (a) or (c) of clause 3, he may, if he so desires, take possession of all or any tools and plant, materials and stores in or upon the work of the site thereof or belonging to the contractor, or procured by him and intended to be used for the execution of the work or any part thereof paying or allowing for the same in account at the contract rates, or in the case of contract rates not being applicable at current market rates to be certified by the Executive Engineer whose certificate thereof shall be final. In the alternative the Executive Engineer may,

Power to take possession of or require removal of or sale contractor's plant

after giving notice in writing to the contractor or his clerk of the work, foreman or other authorized agent require him to remove such tools and plants, materials, or stores from the premises within a time to be specified in such notice, and in the event of the contractor failing to comply with any such requisition, the Executive Engineer may remove them at the contractor's expense or sale them by auction or private sale on account of the contractor and at his risk in all respects and the certificate of the Executive Engineer as to the expense of any such removal and the amount of the proceeds and expense of any such sale shall be final and conclusive against the contractor.

Extension of time

Clause 6 : - If the contractor shall desire an extension of the time for completion of work on the ground of his having been unavoidably hindered in its execution or on any other grounds he shall apply in writing to the Executive Engineer before expiration of the period stipulated in the tender or before the expiration of 30 days from the date of which he was hindered as aforesaid or on which the cause for asking for extension occurred, whichever is earlier and the Executive Engineer, or in the opinion of Additional Chief Executive Officer, Zilla Parishad as the case may be if his opinion, there were reasonable grounds for granting an extension, grant such extension as he thinks necessary or proper. The decision of the Executive Engineer in this matter shall be final.

Final Certificate

Clause 7 :- On the completion of the work, the contractor shall be furnished with a certificate by the Executive Engineer (hereinafter called the Engineer-in-charge) of such completion but no such certificate shall be given nor shall the work be considered to be completed until the contractor shall have removed from the premises on which the work shall have been executed, all scaffolding, surplus materials and rubbish and shall have cleaned off, the dirt from all wood work, doors, windows, walls, floor or other parts of any building in or upon which the work has been executed or which he may have had possession for the purpose of executing the work, not until the work shall have been measured by the Engineer-in-charge or where the measurements have been taken by his subordinates until they have received approval from the Engineer-in-charge, the said measurements being binding and conclusive against contractor. If

the contractor shall fail to comply with requirements of this clause as to the removal of scaffolding surplus materials and rubbish and the cleaning of dirt on or before the date fixed for the completion of the work the Engineer-in-charge may at the expense of the contractor remove such scaffolding, surplus materials as aforesaid except for any sum actually realised by the sale thereof.

Payment on
intermediate
certificate to be
regarded as advances

Clause 8:- No payment shall be made for any work estimated to cost less than rupees one thousand till after the whole work shall have been completed and a certificate of completion given, But in the case of work estimated to cost more than rupees one thousand the contractor shall on submitting a monthly bill therefore, be entitled to receive payment proportionate to the part of the work then approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by

way of advance against the final payments only and not as payment for work actually done and completed, and shall not preclude the Engineer-in-charge from requiring any bad, unsound, imperfect or unskilful work to be removed or taken away and reconstructed or rejected not shall any such payment be considered as an admission of the due performance of the contractor or any part thereof if any respect or the occurring of any claim nor shall it conclude, determine or affect in any other way, the power of the Engineer-in-charge as to the final settlement and adjustment of the accounts or otherwise, or in any other way vary or effect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for the completion of the work, otherwise the Engineer-in-charge's certificate of the measurements and of the total amount payable for the work shall be final and binding on all the parties.

Contractor

Executive Engineer

Payment at reduced rates on account of items of work not accepted as so completed to be at the discretion of the Engineer-in-charge.

Clause 9:- The rates for several items of work estimated to cost more than Rs. 1000 agreed to within shall be valid only when the item concerned is accepted as having been completed fully in accordance with the sanctioned specification. In cases, where the items of work are not accepted as so completed by the Engineer-in-charge, he may make payment on account of such items at such reduced rates as he may consider reasonable in the preparation of final or on account bills.

Bills to be submitted monthly.

Clause 10 :- A bill shall be submitted by the Contractor in each month or before the date fixed by the Engineer-in-charge for all work executed in the previous month and the Engineer-in-charge shall take or cause to be taken the requisite measurements for the purpose of having the same verified and the claim, so far as it is admissible, shall be adjusted, if possible, within ten days from the presentation of the bill. If the contractor does not submit the bill within ten days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, the Engineer-in-charge may depute a subordinate to measure up the said work in the presence of the contractor or his duly authorized agent whose countersignature to the measurements list shall be sufficient warrant, and Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in all respects.

Contractor

Executive Engineer

Bills to be on printed forms.

Clause 11 :- The contractor shall submit all bills on the printed forms to be had on application at the office of the Engineer-in-charge. The charges to be made in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions, and not mentioned or provided for in the tender at the rates hereinafter provided for such work.

Stores Supplied by
Government.

Clause 12 :- If the specification or estimate of the work provides for the use of any special description of material to be supplied from the stores of the Public Works Dept. store or if it is required that the contractor shall use certain stores to be provided by the Engineer-in-charge (such material and stores and the prices to be charged therefore as hereinafter mentioned being so far as practicable for the convenience of the contractor but not so as in any way to control the meaning or effect of this contract specified in the schedule or memorandum hereto annexed) the contractor shall be supplied with such materials and stores as may be required from time to time to be used by him for the purpose of the contract only, and the value of the full quantity of the materials and stores so supplied shall be set off or deducted from any sums then due or thereafter to become due to the contractor under the contract, or otherwise, or from the security deposit or the proceeds of sale thereof, if the security deposit is held in Government securities, the same or a sufficient portion thereof shall in that case be sold for the purpose. All materials supplied to the contractor shall remain the absolute property of Government and shall on no account be removed from site of the work, and shall at all times be open for inspection by the Engineer-in-charge. Any such materials unused and in perfectly good condition shall be returned to the Public Works Departmental store if the Engineer-in-charge so required by a notice in writing given under his hand but the contractor shall not be entitled to return any such materials except with consent of the Engineer-in-charge and he shall have no claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for any wastage in or damage to any such materials.

Executive Engineer

Clause 12 (a) :- All stores of controlled materials such as cement, steel etc. to be supplied by Government to the contractor should be kept by the contractor under lock and key and will be accessible for inspection by the Executive Engineer or his agent at all times.

Works to be executed in accordance with specifications drawings orders etc.

Clause 13 :- The contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner, and both as regards materials and every other respect in strict accordance with specifications. The contractors shall also conform exactly, fully and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Engineer-in-charge and lodged in his office and to which the contractor shall be entitled to receive three sets of contract drawings and working drawings as well as one certified copy of the accepted tender along with the work order free of cost. Further copies of the contract drawings and working drawings if required by him, shall be supplied at the rate of Rs. 1000/- per set contract drawings and Rs. 200/- per working drawing except where otherwise specified.

Alteration in specifications and designs not to invalidate contract.

Clause 14 :- The Engineer-in-charge shall have power to make any alteration in or additions to the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work and the contractor shall be bound to carry out the work in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alteration shall not invalidate the contract, and any additional work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects on which he

agreed to do the main work, and at the same rates as are specified in the tender for main work, and if the additional and altered work includes any class of work for which no rate is specified in this contract, then such class of work shall be carried out at the rates entered in the Schedule of Rates of the Division or at the rates mutually agreed upon between the Engineer-in-charge and contractor, whichever are lower. If the additional or altered work for which no rate is entered in the schedule of rates of Division is ordered to be carried before the rates are agreed upon then the contractor shall within seven days of the date of receipt by him of the order to carry out the work inform the Engineer-in-charge of the rate which it is his intention to charge for such class of work. And if the Engineer-in-charge does not agree to this rate he shall by notice in writing be at liberty to cancel his order to carry out such class of work and arrange to carry out in such manner as he may consider advisable provided always that if the contractor shall commence work or incur any expenditure in regard thereto before the rates shall have been determined as lastly here in before mentioned, then in such case he shall only

Contractor**No. of Corrections****Executive Engineer**

be entitled to be paid in respect of the work carried out or expenditure incurred by in prior to the date of the determination of the rate as aforesaid according to such rate or rates as shall be fixed by the Engineer-in-charge. In the event of dispute, the decision of the Additional Chief Executive Officer, Zilla Parishad of the circle will be final. Where, however, the work is to be executed according to the designs, drawings and specifications recommended by the contractor and accepted by the competent authority the alterations above referred to shall be within the scope of such designs drawings, and specifications appended to the tender.

Extension of time in consequence of addition or alterations.

The time limit for the completion of the work shall be extended in the proportion that the increase in its cost occasioned by, alterations or additions bears to the cost of the original contract work, and the certificate of the Engineer-in-charge as to such proportion shall be conclusive.

No claim to any payment or compensation for alteration in or restriction of work.

Clause 15 (1) :- If at any time after the execution of the contract documents the Engineer-in-charge shall for any reason what-so-ever (other than default on the part of the contractor for which the Government is entitled to rescind the contract) desire that the whole or any part of the work specified in the tender should be suspended for any period or that the whole or part of the work should not be carried out at all, he shall give to the contractor a notice in writing of such desire and upon the receipt of such notice the contractor shall forthwith suspend or stop the work wholly or in part as required, after having due regard to the appropriate stage at which the work should be stopped or suspended so as not to cause any damager injury to the work already done or endanger the safety thereof, provided that the decision of the Engineer as to the stage at which the work or any part of it could be or could have been safely stopped or suspended shall be final and conclusive against the contractor. The contractor shall have no claim to any payment or compensation whatsoever by reason of or in pursuance of any notice aforesaid, on account of any suspension stoppage or curtailment except to the extent specified hereinafter.

(2) Where the total suspension of the work ordered as aforesaid continued for a continuous period exceeding 90 days, the constrictor shall be at liberty to withdraw from the contractual obligations under the contract so far as it pertains to the

unexecuted part of the work by giving a 10 days prior notice in writing to the Engineer, within 30 days of the expiry of the said period of the 90 days, of such intention and requiring the Engineer to record the final measurement of the work already done and to pay final bill. Upon giving such notice the contractor shall be deemed to have been discharged from his obligations to complete the remaining unexecuted work under his contract. On receipt of such notice the Engineer shall proceed to complete the measurements and make such payment as may be finally due to the contractor within a period of 90 days from the receipt of such notice in respect of the work already done by the contractor. Such payment shall not in any matter prejudice the right of the contractor to any further compensation under the remaining provision of this clause.

(3) Where the Engineer required the contractor to suspend the work for a period in a excess of 30 days at any time or 60 days in the aggregate, the contractor shall be entitled to apply to the Engineer within 30 days of resumption of work after such suspension for payment of compensations to the extent of pecuniary loss suffered by him in respect of working machinery remained idle on the site or on the account of his having and to pay the salary or wages of labour engaged by him during the said period of suspension provided always that the contractor shall not be entitled to any claim in respect of any such working machinery salary or wages for the first 30 days whether consecutive or in the aggregate or such suspension or in respect or any suspension whatsoever occasioned unsatisfactory work or any other default on his part. The decision of the Engineer in this regard shall be final and conclusive against the contractor.

No claim
compensation on
account of loss due to
delay in supply of
material by
Government.

(4) In the event of

(I) Any total stoppage of work on notice from Engineer under Sub clause (1) in that behalf.

(ii) Withdrawal by the contractor from the contractual obligations complete the remaining unexecuted work under sub clause (2) on account of continued suspension of work for a period exceeding 90 days.

OR

(iii) Curtailment in the quantity of item or items originally tendered on account of any alteration, omission or substitution in the specifications, drawings, designs or instructions under clause (14) 1 where such curtailment exceeds 25% in quantity and the value of the quantity curtailed beyond 25 percent at the rates for the item specified in the tender is more than Rs. 5000.

It shall be open to the contractor, within 90 days from the service of (I) the notice of stoppage of work or (ii) the notice of withdrawal from the contractual obligations under the contract on account of the continued suspension of work or (iii) notice under clause 14(1) resulting in such curtailment to produce to the Engineer satisfactory documentary evidence that he had purchased or agreed to purchase material for use in the contracted work, before receipt by him of the notice of stoppage, suspension or curtailment and require the Government to take over on payment of such material at the rates determined by the Engineer, provided, however, such rates shall in no case exceed the rates at which the same was acquired by the contractor. The government shall their after take over the material so offered, provided quantities offered are not in excess of the requirement of the unexecuted work as specified in the accepted tender and are of quality and specification approved by the Engineer.

No claim
compensation on
account of loss due to
delay in supply of
material by
Government.

Clause 15 A :- The contractor shall not be entitled to claim any compensation from Government for the loss suffered by him on account of delay by Government in the supply of materials entered in Schedule A where such delay caused by (I) Difficulties relating to the supply of railway wagons, (ii) Force major, (iii) Act of God, (iv) Act of enemies of the State or any other reasonable cause beyond the control of Government.

In the case of such delay in the supply of materials, Government shall grant such extension of time for the completion of the work as shall appear to the Executive Engineer to be reasonable in accordance with the circumstances of the case. The decision of the Executive Engineer as to the extension of time shall be accepted as final by the Contractor.

Extension of time in
consequence of
addition or
alterations.

Clause 16 :- Under no circumstances whatever shall the contractor be entitled to any compensation from Government on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the case of such occurring.

Action and compensation payable in case of bad work.

Clause 17 :- If at any time before the security deposit or any part thereof is refunded to the contractor, it shall appear to the Engineer-in-charge or his subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskilful workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound, or of a quality inferior to that contracted for, or are otherwise not in accordance with the contract, it shall be lawful for the Engineer-in-charge to intimate this fact in writing to the contractor and then notwithstanding the fact that the work, materials or articles complained of may have been inadvertently passed, certified and paid for, the contractor shall be bound

Contractor

other documents forming part of the contract or referred to in these conditions or not and which may be necessary for the purpose of satisfying or complying with the requirements of the Engineer-in-charge as to which under these conditions he is entitled to be satisfied or which he is entitled to be required together with the carriage therefore to and from the work. The contractor shall also supply

without charge the requisite number of persons with the means and materials necessary for the purpose of setting out works and counting, weighing and assisting in the measurement or examination at any time and from time to time of the work or the failing which the same may be provided by the Engineer-in-charge at the expense of the contractor under the contract or from his security deposit or the proceeds of sale thereof or of a sufficient portion thereof. The contractor shall provide all necessary fencing and lights required to protect the public from accident and shall also be bound to bear the expenses of defence of every suit, action or other legal proceeding, that may be brought by any person for injury sustained owing to neglect of the above precautions, and to pay any damages and cost which may be awarded in any such suit action or proceedings to any such person or which may with consent of the contractor be paid for compromising any claim by any such person.

List of machinery in contractor's possession and which they propose to use on the works should be submitted along with the tender.

Clause 21A :- The contractor shall provide suitable scaffolds and working platforms, gangways and stairways and shall comply with the following regulations in connections therewith.

- a) Suitable scaffolds shall be provided for workmen for all works that can not be safely done from a ladder or by other means.
- b) A scaffold shall not be constructed, taken down or substantially altered except.
- l) Under the supervision of a competent and responsible person; and

- ii) As far as possible by competent workers possessing adequate experience in this kind of work.
- c) All scaffolds and appliances connected therewith and ladders shall.
 - l) Be of sound material.
 - ii) Be of adequate strength having regard to the loads and strains to which they will be subjected, and
 - iii) Be maintained in proper condition.
- d) Scaffolds shall be so constructed that no part thereof can be displaced in consequence of normal use.
- e) Scaffolds shall not be over loaded and so far as practicable the load shall be evenly distributed.
- f) Before installing lifting gear on scaffolds, special precautions shall be taken to ensure the strength and stability of the scaffold.
- g) Scaffold shall be periodically inspected by the competent person.
- h) Before allowing a scaffold to be used by his workmen, the contractor shall, whether the scaffold has been erected by his workmen or not, take steps to ensure that it complies fully with the regulations here-in-specified.
- l) Working platform, gangways stairways shall.
 - I) Be so constructed that no part thereof can sag unduly or unequally.
 - ii) Be so constructed and maintained having regard to the prevailing conditions as to reduce as far as practicable risks of persons tripping or slipping, and
 - iii) Be kept free from any unnecessary obstruction.

Contractor**No. of Corrections****Executive Engineer**

- j) In the case of working platform, gangway, working places and stairways at a height exceeding 2 meters. (to be specified)
- l) Every working platform and every gangway shall be closely boarded unless other adequate measures are taken to ensure safety.
 - ii) Every working platform and gangway shall have adequate width and
 - iii) Every working platform, gangway, working place and stairway shall be suitably fenced.
- k) Every opening in the floor of a building or in working platform shall except for the time and to the extent required to allow the excess of persons or the transport or shifting of materials be provided with suitable means to prevent the fall of persons or materials.
- l) When persons are employed on a roof where there is a danger of falling from a height exceeding 3 meters suitable precautions shall be taken to prevent the fall of persons or materials. (To be prescribed.)
- m) Suitable precautions shall be taken to prevent persons being struck by articles which might fall from scaffolds or other working places.
- n) Safe means of access shall be provided to all working platforms and other working places.
- o) The contractor(s) will have to make payments to the labourers as per Minimum Wages Act.

Clause 21 B :- The contractor shall comply with the following regulations as regards the Hoisting Appliances to be used by him.

Contractor

No. of Corrections

Executive Engineer

- a) Hoisting Machine and tackle, including their attachments, anchorages and supports shall.
- l) Be of good mechanical construction, sound material and adequate strength and free from patent defect.

And

- ii) Be kept in good repair and in good working order.
- b) Every rope used in hoisting or lowering materials or as a means of suspension shall be of suitable quality and adequate strength and free from patent defect.
- c) Hoisting machine and tackle shall be examined and adequately tested after erection on the site and before use and be re-examined in position at intervals to be prescribed by the Government.
- d) Every chain, ring, hook, shackle, swivel and pulley block used, in hoisting or lowering materials or as a means of suspension shall be periodically examined.
- e) Every crane driver or hoisting appliances operator shall be properly qualified.
- f) No person who is below the age of 21 years shall be in control of any hosting machine, including any scaffold which, or give signals to the operator.
- g) In the case of every hoisting machine and of every chain, ring, hook, shackle, swivel pulley block used in hosting machine and of every chain, ring, hook, shackle, swivel pulley block used in hosting or lowering or as means of suspension, the safe working load shall be ascertained by adequate means.

- h) Every hoisting machine and all gear referred to in preceding regulation shall be plainly marked with the safe working load.
- l) In the case of hoisting machine having a variable safe working load, each safe working, load and the conditions under which it is applicable shall be clearly indicated.
- j) No part of any hoisting machine or of any gear referred to in regulation (g) above shall be loaded beyond the safe working load except for the purpose of testing.
- k) Motors, gearing transmissions, electric wiring and other dangerous part of hoisting appliances shall be provided with efficient safeguards.
- l) Hoisting appliances shall be provided with such means as will reduce in minimum the risk of the accidental descent of the load.
- m) Adequate precaution shall be taken to reduce to a minimum the risk of any part of a suspended load becoming accidentally displaced.

Measure for
prevention of fire.

Clause 22 :- The contractor shall not set fire to any standing jungle, trees, brushwood or grass without a written permit from the Executive Engineer. When such permit is given, and also in all cases when destroying cut or drag trees brushwood, grass etc. By fire, the contractor shall take the necessary measure to prevent such fire spreading to or otherwise damaging surrounding property. The contractor shall make his own arrangements for drinking water for the labour employed by him.

Contractor

No. of Corrections

Executive Engineer

Liability of Contractor for any damage done in or outside work area.

Clause 23 :- Compensation for all damages done intentionally or unintentionally by contractor's labour whether in or beyond the limits of Government property including any damage caused by spreading of fire mentioned in clause 22 shall be estimated by the Engineer-in-charge or such other officer as he may appoint and the estimate of the Engineer-in-charge subject to the decision of the Additional CEO on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand, failing which, the same will be recovered from the contractor as damages in the manner prescribed in the clause 1 or deducted by the Engineer-in-charge from any sums that may be due or become due from Government to contractor

Under this contract or otherwise. The contractor shall bear the expenses of defending any action or other legal proceeding that may be brought by any persons for injury sustained by him owing to neglect of precautions to prevent the spread of fire and he shall pay any damages and cost that may be awarded by the court in consequences.

Employment Female Labour

Clause 24 :- The employment of female labourers on works in neighbourhood of soldier's barracks should be avoided as far as possible. The contractor shall employ the labourers with the nearest Employment Exchange.

Work of Sunday

Clause 25 :- No Work shall be done on a Sunday without the sanction in writing of the Engineer-in-Charge.

Payment of quarry
fees and royalties

2) The Contractor shall if ordered in writing by the Engineer to do so, also carry out any quantities in excess of the limit mentioned above in sub clause (I) hereof on the same condition as and in accordance with the specifications in the tender and at the rates (I) derived from the rates entered in current schedule of rates and in the absence of such rates (ii) at the rates prevailing in the market. The said rates being increased or decreased as the case may be, by the percentage which the total tendered amount bears to the estimated cost of the works as based upon the current schedule of rates applicable for the year at the time of finalization of Agency (For the purpose of operation of this clause, this cost shall be worked out from the DSR prevailing at the time of acceptance of tender for 2009-10)

Rs. _____

(Rs _____).
_____).

3) Claims arising out of reduction in the tendered quantity of any item beyond 25% will be governed by the provision of clause 15 only when the amount of such reduction beyond 25 percent at the rate of the item specified in the tender is more than Rs. 5,000/- (The clause is not applicable to extra items)

4) This clause is not applicable to extra items.

(3) There is no change in the rate if the excess is more than 25% of the tendered quantity, but the value of the excess work at the Tendered rates does not exceed

Rs. 5,000/-

(4) The quantities to be paid at tendered rate shall include :-

a) Tendered quantity plus

- b) 25% excess of the Tendered quantity or the excess quantity of the value of Rs. 5,000/- at the Tendered rates whichever is more.

Employment of famine labour etc.

Clause 39 :- The contractor shall employ any famine, convict or other labour of a particular kind or class if ordered in writing to do so by the Engineer-in-charge.

Claim for compensation for delay in starting the work.

Clause 40 :- No compensation shall be allowed for any delay caused in the starting of the work on account of acquisition of land or in the case of clearance works, on account of any delay in according to sanction of estimates.

Claim for compensation for delay in execution of work.

Clause 41 :- No compensation shall be allowed for any delays in the execution of the work on account of water standing in borrow pits or compartments. The rates are inclusive for hard or cracked soil, excavation in mud, sub soil, water standing in borrow pits and no claim for an extra rate shall be entertained, unless otherwise expressly specified.

Entering upon or commencing any portion of work.

Clause 42 :- The contractor shall not either upon or commence any portion of work except with the written authority and instructions of Engineer-in-charge or of his subordinate in charge of the work. Failing such authority, the contractor shall have no claim to ask for measurements of or payments for work.

Minimum age of person Employed the employment of donkeys and/or other animals and the payment of fair wages.

Clause 43 :-

- i) No contractor shall employ any person who is under the age of 18 years.
- ii) No contractor shall employ donkeys or other animals with breaching of string or thin rope. The breaching must be at least three inches wide and should be of tape. (Newar)

- iii) No animal suffering from sores, lameness or emaciation or which is immature shall be employed on the work.
- iv) The Engineer-in-charge or his Agent is authorized to remove from the work, any person or animal found working which does not satisfy these conditions and no responsibility shall be accepted by the Government for any delay caused in the completion of the work by such removal.
- v) The contractor shall pay fair and responsible wages to the workmen employed by him in the contract undertaken by him. In the event of any dispute arising between the contractor and his workmen on the grounds that the wages paid are not fair and reasonable, the dispute shall be referred without delay to the Executive Engineer shall be conclusive and binding on the contractor but such decision shall not in any way affect the conditions in the contract regarding the payment to be made by the Government at the sanctioned tender rates.
- vi) Contractor shall provide drinking water facilities to the workers. Similar amenities shall be provided to the workers engaged on large work in urban areas.
- vii) Contractor to take precaution against accidents which take place on account of labour using loose garments while working near machinery.

Method of Payment

Clause 44 :- Payment to contractors shall be made by cheque drawn on any treasury within the division convenient to them provided the amount exceeds Rs. 10 Amounts not exceeding Rs. 10 will be paid in cash.

Clause 45 :- Any contractor who does not accept these conditions shall not be allowed to tender for works.

Acceptance of conditions compulsory before tendering for work
Employment of scarcity labour.

Clause 46 :- If Government declares a state of scarcity or famine to exist in any village situated within 10 miles of the work, the contractor shall employ upon such parts of the work, as are suitable for unskilled labour, any person certified to him by the Executive Engineer, or be any person to whom the Executive Engineer may have delegated this duty in writing to be in need of relief and shall be bound to pay to such person wages not below the minimum which Government may have fixed in this behalf. Any disputes which may arise in connection with the Implementation of this clause shall be decided by the Executive Engineer whose decision shall be final and binding on the contractor.

Contractor
