

DECLARATION BY THE CONTRACTOR

Design, Supply, Installation, Testing and commissioning of 2MWp, 415 V grid interactive solar PV systems on roof tops of PFFF buildings along with 5 years of Annual comprehensive maintenance at Nuclear Fuel Complex (KOTA), Rawatbhata, Rajasthan

I/We have read and examined the detailed notice inviting tender, schedule, A, B, C, D, E & F, Specifications applicable, Drawings & Designs, General Rules and Directions, Conditions of Contract, Clauses of Contract, Special conditions, Schedule of items & other documents and Rules referred to in the conditions of contract and all other contents in the tender document for the work.

I/We hereby tender for the execution of the work specified, for the President of India, within the time specified in Schedule 'F', and schedule of quantities in accordance with the specifications, designs, drawings and instructions in writing referred to in Rule-1 of General Rules and Directions and in Clause 11 of the Conditions of contract and with such materials as are provided for, by, and in respects in accordance with, such conditions so far as applicable.

I/ We submitted EMD as per proforma and is valid till completion of work and in case of any default till completion of work, the action mentioned therein shall be initiated against me in addition to the conditions of contract as deemed fit.

I/We agree to keep the tender open for **180 days** from the due date of opening of Bid and not to make any modifications in its terms and conditions. **If, I/we withdraw tender before the said period or makes any modifications in the terms and conditions of the tender which are not acceptable to the department, then the Government shall, without prejudice to any other right or remedy, be at liberty to initiate action as aforesaid.**

If, I/We fail to furnish the Performance Guarantee within prescribed period specified, I/we agree that the said President of India or his successors in office shall without prejudice to any other right or remedy, be at liberty to initiate action as aforesaid. Otherwise, the said earnest money shall be retained towards security deposit to execute all the works referred to in the tender documents upon the terms and conditions contained or referred to therein and to carry out such deviations as may be ordered, up to maximum of the percentage mentioned in Schedule 'F' and those in excess of that limit at the rates to be determined in accordance with the provision contained in Clause 12.2 and 12.3 of the tender form.

I/We hereby declare that I/we shall treat the tender documents, drawings and other records connected with the work as secret/confidential documents and shall not communicate information/derived there from to any person other than a person to whom I/we am/are authorized to communicate the same or use the information in any manner prejudicial to the safety of the State.

I/We agree that should I/We fail to commence the work as specified, I/we agree that the President of India or his successors in office shall without prejudice to any other right or remedy, be at liberty to initiate action as aforesaid., otherwise, the same may at the

option of the competent authority on behalf of the President of India be recovered without prejudice to any other right or remedy available in law out of the deposit in so far as the same may extend in terms of the said bond and in the event of deficiency out of any other money due to me/us under this contract or otherwise.

I/We undertake and confirm that eligible similar work(s) has/have not been got executed through another contractor on back-to-back basis. Further that, if such a violation comes to the notice of Department, then I/We shall be debarred for bidding in DAE in future forever. Also, if such a violation comes to the notice of Department before date of start of work, the Engineer-in-charge shall be free to forfeit the entire amount of Performance Guarantee.

I/We undertake and confirm that the safety rules given below to this will be followed without fail in the work and I/ we will be held responsible for any violation at site by labourer or staff engaged for the work. I/We follow to adhere to the conditions /rules specified in “Control of Works “of AERB for safety in addition the specified rules.

SAFETY RULES in GENERAL:

PPE’s & GENERAL SAFETY:

- To ensure safety in construction, exclusive safety supervisor shall be invariably deployed by contractors failing which heavy penalty will be imposed in addition to deductions as per Schedule F from the bills for non-availability of safety supervisor/supervisor/Engineer. All PPEs shall confirm to relevant IS and shall be subjected to verification by Safety Division before put in to use.
- All persons/labourer employed by Contractor shall undergo safety training and should have safety training pass (Valid for 3 months) issued by SED.
- For all persons other than working at heights but for working inside NFC should have MBBS medical certificate (Validity - 1 year) to be arranged by contractors at no extra cost.
- EIC shall ensure use of only those PPEs that are verified and cleared by SED.
- The site shall be provided with proper illumination whenever the work is to be carried out in darkness/ night.
- All electrical connection shall be drawn from the plant manager from the point shown and shall have requisite fittings with earthing. The distribution board shall be inspected and cleared taken & used only after clearance from EIC.

EXCAVATION:

- During Excavation, the excavated soil shall be deposited at a distance of 1.5m or 50% of depth of foundation whichever is more.
- Reflectors shall be provided for path ways for guidance where illumination can't reach.
- Barricades shall be provided isolating working area with appropriate sign board. The excavated pits shall also require barricading with reflectors. All excavated areas shall have an illumination level of at least 20 lux for night work.
- Persons/ labourers deployed by the contractors for working in confined spaces (where enclosed space is not a regular work place and with percentage of Oxygen is likely to be less than 21%. Testing for Percentage of confined spaces will be done by department), shall have medical certificate from NFC.

WORKING AT HEIGHT AND SAFE MEANS OF ACCESS:

- Scaffolds to be provided at site shall be of Tubular scaffold/ cup lock/ H-Frame only. The design of scaffold should be submitted to EIC & get it approved by the design section prior to erection of the same. Scaffold shall be cleared by design section after erection also.
- Persons/ Labor engaged by the contractors to work above 3.5m height (referred as work at height) shall undergo medical and other tests by NFC for assessment of health condition to work at heights. This will take a day for completion of medical test. This medical test is a part of height pass test at NFC. Accordingly, contractors have to make arrangements in advance to meet their targeted activities. Labor qualified in height test shall be allowed to work at height.
- Scaffolding shall have stairways to reach working platforms. Where the platform for working is more than 3.5m above ground, the width of platform should be minimum 1.0m.
- Ant working platform on scaffolding or staging more than 3.5m above the ground or floor and stairways should have a guard rail attached, bolted, braced at least 1m height above the platform.
- Working platforms of scaffolds should have Toe boards of at least 150mm height.
- The scaffold shall have escape ladders at least for every 30m distance. All ladders shall be extended minimum 1.0m above ground level or working spot beyond landing.
- Safety nylon nets shall be provided where fall of person is possible and the net shall have a spread of 2.0m beyond working place.
- The nylon net shall be fixed 2.0m below working platform.

ELECTRICAL SAFETY, WELDING AND GAS CUTTING:

- Welding sets should have earthing for Distribution Board as well as equipment. The power shall be drawn from the point having sufficient capacity of power supply.
- Flash back arrester shall be invariably provided for gas cylinder as well as cutting sets.
- The site shall be provided with a dedicated distribution Board for power of required energy. The board shall have proper protection like Earthing, Earth Leakage Circuit Board (ELCB)/ Residual Current Circuit Breaker (RCCB), 3 core double insulated PVC flexible copper wire in single length with 3 Pin plug.
- The portable equipment should be connected with 3 pin plugs.

MATERIAL HANDLING/LIFTING MACHINES:

- Vehicles /Material handling equipment to be used should have valid documents like Registration Certificate (RC), Fitness Certificate (FC), load test, driving license for cranes/ lorries, Safe Working Load (SWL) charts, etc. The certificate shall be produced to SED in advance and should get clearance before taking up activity of handling. The strings, D-shackles, etc., used for work shall have load test certificate for handling loads.

ROTARY CUTTERS / GRINDERS:

- All portable cutter/ Grinders/ rod cutting tool should be provided with the wheel guard in position. The workers shall use safety helmet, face mask while working with equipment/ machine as per AERB control of works.
