Pre-bid query Resolution Sheet (Uploading Date: 13-05-2026)
T-896/MPPHSCL/Pharma/RC/2026 Date-29-04-2026

S.No.	Item no.	Item name	Specification in the Floated Tender	Recommendation from bidder with Justification	Amendment/ Resolution
1	120618	Zinc Sulphate/ Gluconate 10 mg elemental zinc / 5 ml(10 mg /5 ml),Syrup 100 ml bottle	Zinc Sulphate/Gluconate 10 mg elemental zinc / 5 ml(10 mg /5 ml),Syrup 100 ml bottle	We have Composition as Each 5 ml Contains: Zinc Gluconate U.S.P. equivalent to elemental Zinc.....20mg in a flavoured sugarless base. Most of compies offer 20 mg/5ml instead of 10 mg/5ml. The current specification will limit the number of participants as only few companies will qualify. The change in specifications, will allow more participants in the tender, benefitting the organization. Kindly allow to quote as per our Composition.	No Change As per floated specification
2	202402010	Pneumococcal polysaccharide(Vaccine 23),Vaccine	4.1.(h) All suppliers of drugs/medicine/surgical items are required to incorporate barcodes as per GS1 standards at various packaging levels (Primary, Secondary & Tertiary) and submit their GS1 registration certificate at the time of submission of bid. Please refer detailed technical specifications as per the annexure. Supplier also needs to submit the Tertiary & Secondary label barcode verification report issued from GS1 India for the drug/medicine/surgical items on or before the physical supply of the material.” At the first phase the bar coding is to be implemented at tertiary level and then in second phase at the secondary level also which will be informed. 10.13 All suppliers of drugs/medicine items are required to incorporate barcodes as per GS1 standards at various packaging levels (Primary, Secondary & Tertiary) and submit their GS1 registration certificate. Please refer detailed technical specifications as per the annexure. Supplier also needs to submit the Primary, Tertiary & Secondary label barcode verification report issued from GS1 India for the drug/medicine items on or before the physical supply of the material.”15.2 Bar coding is required to be done on all medicines and drugs, bidders have to comply with those conditions by supplying the items with 2D bar coding as per GS1 standard should be done on Primary, tertiary and Secondary packing of the supplies as per the specifications given in Annexure-XII.	The vaccine (Pneumococcal polysaccharide, Vaccine 23 valent) to be quoted is an imported cold chain drug and is imported as finished goods in India. Barcoding on primary and secondary pack will require separation of primary pack from secondary pack which will hamper the quality of the vaccine. To avoid any tampering with the packaging and to ensure the quality of the vaccine until the end user, we request for exemption from barcoding on primary, secondary and tertiary packing for imported cold chain drugs.	Clarity to Bidder GS1 Exempted for Importers only for this Item code 202402010
			13.2 All goods must be of fresh manufacture and must bear the dates of manufacture and expiry. The Pharmaceuticals covered in Schedule P of the Drugs & Cosmetics Act should have maximum potency throughout the shelf life period as prescribed in the Act and rules therein. All other Pharmaceuticals supplied under the Contract will have (a) remaining a minimum of five-sixths (5/6) of the specified shelf life upon delivery at destination with a total specified shelf life of more than two years and (b) remaining a minimum of three-fourths (3/4) of the specific shelf life upon delivery at destination with a total specified shelf life of two years or less. For imported, Blood Products, Antisera and Vaccines (whose Quality testing is required to be done from CRI Kasauli / NIB or Similar Govt. labs.), Vaccines & immunoglobulin drugs, supplier can supply these drugs with remaining shelf life of 60% or more.	This is to inform you that the drug to be quoted is imported as finished goods and significant amount of shelf life is lost during transit. We request for acceptance of the imported cold chain vaccine with remaining shelf life of 50% or more with undertaking for replacement with fresh batch in case the same remains unconsumed due to expiry.	No Change As per tender clause 13.2
3	202402011	Pneumococcal conjugate(Vaccine 13),Vaccine	4.1.(h) All suppliers of drugs/medicine/surgical items are required to incorporate barcodes as per GS1 standards at various packaging levels (Primary, Secondary & Tertiary) and submit their GS1 registration certificate at the time of submission of bid.
