

LIST OF APPROVED MAKES/ BRANDS (Provisionally approved for Six(6) months)

NOTE:-

- 1) A List of Preferred Brand Names of Various Materials / Products are shown below for usage in execution of Work. However, Approved equivalent material of any other Specialized Companies / Firms may also be used, in case it is established that the Brands Specified below are not available in the market or in other unavoidable circumstances and subject to Approval of the alternate Brand by the Chief Engineer, PWD(B). However, in case, the equivalent model so approved, is cheaper than the model already mentioned in item/approved makes list, the price adjustment will be made based on the difference in market rate. In case, the rate of subsequently approved model is more, no extra payment will be made on this account.
- 2) It must be ensured, in general, that all materials to be used in the works shall bear BIS Certification mark. In cases where for a particular material/product, BIS Certification is not available, then the material proposed to be procured can be used subject to the condition that it should conform to CPWD Specifications and relevant BIS codes. In such cases written approval of the Chief Engineer, PWD(B) shall be obtained before use of such material in their works.
- 3) The list given below does not absolve the Executing Agency from their responsibility for using these products. It is only to be used after getting satisfaction about the quality and performance the product. To ensure the quality of the product, necessary testing to be done before actually using it.
- 4) The Competent Authority reserves the right to add or delete any materials and brands in the list of approved makes. However, in case, the equivalent make so approved, is cheaper than the make already mentioned in item/ approved makes list, the price adjustment will be done, based on the difference in market rate. In case, the rate of subsequently approved make is more, no extra payment will be made on this account.
